

For the love of sleep

For the love of sleep...

This is all about helping to provide your guests with the opportunity to have the best possible night's sleep. Time after time, night after night.

A significant and much loved British bed brand, Airsprung Beds continues to cater for the hospitality and contracts sector, as well as being a trusted supplier and partner to retailers across the country.

Why choose Airsprung?

Through many years of attentive working alongside the hotel and contract beds sector, Airsprung's experience in the domestic market, and its technical knowledge of contract legislation make it the perfect partner for contract and hospitality customers.

As we've grown to understand its unique requirements particularly well, it also means we appreciate the special design needs and strict criteria required.

Having taken time to develop and refine a range, designed with first principles of great comfort, at commercially attractive prices - our models are aimed with your guests wellbeing at heart, so that you can provide them with the opportunity for an extremely comfortable, restful night's sleep, ensuring happy and satisfied customers; and when in a hospitality setting encourage well-deserved, positive reviews.

For the love of compliance

Hand in hand with the passion for well designed, ergonomic models, are the rigorous certification standards and exacting checks needed, which also ensure 360 degrees of continuous scrutiny and attention to detail.

How do Airsprung Contract Beds ensure they comply with all legislation?

- Ignition Source 5 (also known as Crib 5) test certification.
- BS7177 2008 (Medium Hazard), Fire. Suitable for all Contract and Hospitality sector.
- All models are specified with FR treated fabric and fillings.
- All contract mattresses contain upholstery that has FR properties.
- Each mattress, divan and headboard is tested in our own on site testing laboratory, at both development stage and through mass production, to ensure BS7177 compliance. All items are strictly scheduled for re-testing on a regular basis.

Actively involved with respected, key industry bodies, we are a strong voice when opportunities present themselves. Reassurance for customers that dynamic alliances maintain contract industry gold standards.

HOST Pocket Medium

A signature, pure white medium feel 1000 pocket sprung model, providing both great comfort and even support throughout.

Tufted for a consistent, surety of feel, it also uses 80% soft white recycled polyester fillings, and all topped by a woven, damask sleeping surface. The deep border has a decorative side-stitch, handles for easy manoeuvring and vents to aid air circulation. Turnable, for maximum longevity.

- Medium tension
- · Mattress depth: 27cm
- 1000 full size pocket springs
- · Handles to aid adjustment
- NBF accredited
- Meets all UK safety standards
- · Crib 5 test certification
- · BS7177 2008 Medium Hazard

HOST Pocket Firm

A firm tension, 1000 pocket sprung model, using a similar configuration to the Pocket Medium model but ideal when choosing a firmer feeling mattress.

Extremely comfortable and tufted for even support throughout. We've selected 80% soft white recycled polyester fillings, and stylishly topped by a woven, damask sleeping surface. The deep border has a decorative side-stitch, handles for easy manoeuvring and vents to aid air circulation. Turnable, for maximum longevity.

- Firm tension
- · Mattress depth: 27cm
- 1000 full size pocket springs
- · Handles to aid adjustment
- NBF accredited
- Meets all UK safety standards
- · Crib 5 test certification
- BS7177 2008 Medium Hazard

HOST Open Coil

Our very comfy, medium/firm feel Open Coil model has been designed using our Supercoil spring system which provides both strength and even support.

Insulation and comfort layers include our 80% recycled soft white polyester, and topped by a patterned, multiquilt sleeping surface. It has a quilted border and is turnable, for maximum longevity.

- Medium/firm tension
- · Mattress depth: 21cm
- · Supercoil spring system
- NBF accredited
- Meets all UK safety standards
- · Crib 5 test certification
- · BS7177 2008 Medium Hazard

HOST Water Resistant

A medium tension, very comfortable model, ideal for situations that require a water and stain resistant option.

The proven, continuous Supercoil spring system provides a supportive core while providing an even feel - top to toe and side to side. Insulation and comfort layers include our 80% recycled soft white polyester, topped by a patterned, multiquilt sleeping surface. It has a quilted border and is turnable, for maximum longevity.

- Medium tension
- · Mattress depth: 24cm
- Supercoil spring system
- NBF accredited
- Meets all UK safety standards
- · Crib 5 test certification
- · BS7177 2008 Medium Hazard

HOST Divan

A thoroughly practical and great looking divan base, in two easily joined halves.

Set on durable castors for easy manoeuvrability, it's the ideal platform for our mattresses, and can also be matched with one of our two, elegant, simple headboards to create a neat set. The deep textured fabric is aesthetically pleasing and hard wearing, designed to both look great and be easily vacuumed and cleaned for fast turnaround when required. Standard fittings to take almost any headboard.

- 3ft, 4ft, 4ft6, 5ft sizes available
- · Divan height: 41cm
- Twin-wheel castors for easy movement
- NBF accredited
- Meets all UK safety standards
- · Crib 5 test certification
- · BS7177 2008 Medium Hazard

HOST Classic Headboard

Smart and practical, this is our simple and popular rectangular model. It suits just about every bedroom setting whether of larger or smaller proportions.

Eminently easy to attach with adjustable, universal wooden struts, it co-ordinates perfectly with our divan base which is in an identical, hard-wearing fabric – an always on-trend mid cool grey – perfect for almost any bedroom colour scheme. Padded using 80% recycled, white polyester.

HOST Curve Headboard

Identical in construction and content to the Classic model, perhaps choose this elegantly curved model to soften the surroundings.

Strutted and upholstered, it co-ordinates perfectly with our divan base which is also in an identical, hard-wearing fabric – an always on-trend mid cool grey – perfect for almost any bedroom colour scheme. Comfortably padded using 80% recycled, white polyester.
